SITE PLAN INSTRUCTIONS

To complete the site plan, please draw your building and the layout of your site.

- Indicate proposed building outline as it sits on your property.
- Show all roadways, streets, driveways and sidewalks.
- Show any specific landscaping desired.
- Note any trees, plants, flowers or shrubs.
- Show parking area (if applicable).
- Draw an arrow indicating which direction you want to see the building from.

Additional features and objects:

Please tell us if any additional objects or features need to be added to the rendering, examples might be a boat on a trailer, an old car, a tractor, or a motorcycle in the driveway. Animals may also be added if there are horses or other livestock near the building. We can also add specific drive or walkway items like paver stones or asphalt. Also note if there is a specific background like mountains, hills, farmland, or woods wanted behind your building. Indicate these items below.

Please draw site plan in the box.
