

# Just Released!

Install your new  
**ENERGY STAR** rated  
*Cool Chemistry*<sup>TM</sup> steel roof  
and get **30% back!**

- The new Stimulus Bill has raised the maximum tax credit from \$500 to \$1,500 if you install an ENERGY STAR labeled metal roof
- A tax credit means you will receive up to \$1,500 on top of your typical tax return
- All you need is your receipt and the Manufacturers Certificate stating the steel roof installed is ENERGY STAR approved. Please contact us at [steel@midwestmanufacturing.com](mailto:steel@midwestmanufacturing.com) for a copy of the ENERGY STAR certificate. Make sure to include your special order number.

What products are **ENERGY STAR** approved?

*Residential*
