

**MASTERCRAFT®**

# PREFINISHED FIBERGLASS ENTRY SYSTEMS

## Features and Benefits

Lifetime  
WARRANTY

Our **MASTERCRAFT®** warranty covers your exterior prefinished fiberglass door against manufacturing defects in materials and workmanship for as long as you own the door. All manufactured lites carry a separate lifetime warranty. (non-transferable)

### 1. Door Frames

Primed, Vinyl Clad, Solid Vinyl, Aluminum Clad, or Oak frames, complete with weather stripping and exterior trim, make your door an energy efficient prehung unit.

### 2. Weather stripping

Compression weather stripping on the hinge and lock sides seal out the heat and cold helping to keep your home comfortable year round.

### 3. Door Lites

Energy efficient door lites come standard with safety tempered insulated glass. Prefinished Fiberglass lite frames require no painting or staining and are made with heat and UV resistant material. This means there is no thermal distortion from heat build up, even behind a storm door.

### 4. Fiberglass Construction

Tough and durable, our prefinished fiberglass doors cannot rust and are dent and warp resistant. Our doors also feature fully thermally broken construction, utilizing a composite stile and rail perimeter.

### 5. Lock Block

A wood reinforced lock block provides strength and security in the lock area.

### 6. High Definition Door Panels

Panels feature deep embossing which is sharp and detailed on both sides of the door.

### 7. Superior Sill Construction

Our superior sill is designed to prevent energy loss and any build-up of condensation. The sill with high-dam design, exceeds ASTM E283-91 air and ASTM E331-93 water infiltration standards.

### 8. Polyurethane Foam Core

For consumers looking to improve their energy efficiency over polystyrene core doors, our CFC and HCFC free, polyurethane core does not harm the ozone and provides excellent insulation (u-value 0.19).

### 9. Door Bottom Sweep

Flexible double-bulb bottom sweep seals by keeping out hot and cold air.

### 10. Energy Star

**MASTERCRAFT®** is a proud Energy Star partner.
