# Green Approved Products Certificate #00068

**Products: MicroPro<sup>®</sup> Wood Preservative Technology**

**Manufacturer: Osmose, Inc.**

The use of these products is approved to receive points to certification under the National Green Building Standard practices as noted below:

PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONS OF USE TO AWARD POINTS
602.8	Termite-resistant materials are used in portions of the building.	2-6	To earn two points, product is used in conjunction with other termite resistant materials for the first 2 feet of all the foundation, floor, and structural wall, wall cladding, and exterior deck components in zones with slight to moderate termite infestation. 4 points are awarded when used in the first 3 feet in moderate to heavy termite zones, and 6 points are awarded for use in all of the foundation, floor, and structural wall, wall cladding, and exterior deck components in areas of very heavy termites.
609.1	A more environmentally preferable product selected based upon a Life Cycle Assessment (LCA).	3	Points are available when MicroPro is chosen over treated wood products that do not have a LCA report.
